WICHITA FALLS, Texas, March 11th 1863.—Proprietors P. P. P.: It becomes my duty to add my testimonial to the wonderful curative properties of P. P. P. (Prickly Ash, Poke Root and Potassium.) Some years ago I bruised my ankle on my saidle stirrup; from a lit-tle scratch the place began to enlarge the scratch the place began to enlarge until it was as large as the palm of my hand, discharging pus and exposing part of the hone. I called to see physicians and they pronounced it as a fever cure and incurable. It became go painful and swellen so badly that I tried bandage for relief until I secured a rubber supporter. After securing the rubber supporter for temporary relief I began to use internal remedies, trying several different kinds without any apparent relief. I resolved to try P. P. P., which I did; after using one bottle the result was such I continued until the sixth bottle was used, when my rubber supporter was not further required, as the sore was completely healed and swelling entirely gone. I therefore take pleasure in saying to the public generally that it is my belief from actual experience that the use of P. P. P., if properly persisted in, will cure any case of impure blood or blood poisoning. Ec.

of impure blood or blood poisoning. Respectfully. Phor. B. F. Pickey,
Postmaster, Wichita Falls, Texas. I, the undersigned, knew Prof. Hickey at the time he commenced to take P. P. P. for his sore leg, and I did not think a cure possible. I noticed its progress from the start and must say the remarkable cure P. P. P. brought about

was something marvelous,
